A trip on the world's longest aerial tramway transports you above deep canyons and breathtaking terrain a distance of 2.7 miles. See some of nature's more dramatic beauty unfold before you. At sunset the desert skies produce a spectacular array of color, and your vantage point from the observation deck atop 10,378 foot Sandia Peak in the Cibola National Forest affords an 11,000 square-mile panoramic view of the Rio Grande Valley and the Land of Enchantment. Located on the eastern edge of Albuquerque in the Sandia Foothills at the end of Tramway Road.

Tramway News & Events:

The New Mexico Ski Museum is now open - It is located at the base of the tram and open daily. While visiting the tram or Sandiagos Mexican Grill, drop in and learn about the history of skiing in NM - it's free!
